

A Compact Thermatool HF Welder - *designed to match your mill*

- Replace old technology HF Welders with a Thermatool.
- Easy access and readily available spare parts and consumables.
- Reduce electricity consumption by as much as 20%.
- Maximize tube mill uptime with Thermatool's global service and support.
- Take advantage of Thermatool's welding expertise and process knowledge.

Thermatool is pleased to debut its **Single-Cabinet Welder**, the newest addition to a complete range of tube and pipe welding products.

Using the same field-proven, solid-state technology found on existing Thermatool CFI and HCT series welders, the new Single Cabinet Welder completes a product range known for reliability and operating efficiency. Simple operation and product efficiency makes it ideal if your mill produces a limited product range.

For the most reliable return on your investment, turn to Thermatool.
